Downloading Print Driver to Copiers

- 1. <u>Click here</u> to go Canon's print driver page
 - 1. *Note that our copier is the Canon Image RunnerC3530i.
- 2. Using the link above, the recommended driver will be isolated. Refer to the photo below.
- 3. You will see that the Canon web page will automatically detect your operating system. This is noted in the image below too.
- 4. Select the recommended driver.
- 5. Allow Download Click "Yes"
- 6. Click "Download Driver", then "Install"
- 7. Intro opens, click "Continue", Continue on License, Continue on Agreement Terms of Software
- 8. Install (give it a few seconds), summary opens, click "Close"
